INTRODUCTION

NITIE was established as a National Institute in 1963 by the Government of India with the assistance of United Nations Development Programme through International Labour Organisation.

NITIE offers 2 years Post-Graduate programmes in Industrial Engineering, Industrial Management, Industrial Safety and Environmental Management, Information Technology Management and a Fellowship Programme of Doctoral level recognized as equivalent to Ph.D of an Indian University. NITIE has been conducting several short-term Management Development Programmes of one week duration in various areas of Industrial Engineering and Management. NITIE can conduct eight courses concurrently. The training programmes of NITIE emphasize on learning with a purpose, and are accompanied by an abiding concern for man. Besides training, NITIE is also engaged in applied research and offers consultancy in the various facets of Industrial Engineering, Operations Research, Information Systems and Computers, Environmental Management, Marketing, Organisation Behaviour and Human Resource Management.

NITIE faculty members, drawn from various basic disciplines, have diverse experience in business, industry and government, and thus are able to bring to bear academic concepts to the practical problems. By introducing new concepts, techniques and programmes to meet the changing needs arising out of rapid technological development and socio-economic transformation, NITIE endeavours to equip the managers, administrators and specialists in government, public utilities, industry and other service sectors with the necessary skills for efficient performance.

NITIE has established a Centre of Excellence in Ergonomics and Human Factors Engineering (CEEHFE) as part of Government of India's Technology Mission-2020 through TIFAC (Technology Information Forecasting and Assessment Council) — mission REACH (Relevance and Excellence in Achieving New Heights) in Educational System. NITIE has also established an Advanced Centre of Excellence in Operations and Manufacturing Management. The centre is equipped with ERP/MRP-II, CAD/CAM, EDM, QUESTsoftwares.

NITIE publishes quarterly a professional journal, UDYOG PRAGATI. This deals with new developments in industrial engineering, industrial management and allied fields. Members of Alumni Association are entitled to a copy of the journal. Participants of Management Development Programmes are eligible to become members of Alumni. NITIE also publishes NITIE NEWS containing information about Institute's activities which is circulated to industries, educational institutions and alumni.

NITIE campus is located in one of the most picturesque surroundings of Mumbai flanked by Powai and Vihar Lakes. NITIE can accommodate 150 participants at a time in self-contained single rooms.

NITIE is administered through a Board of Governors representing industry, government, labour and professional bodies with **Shri Gautam Thapar as Chairman and Prof. (Ms.) Karuna Jain** as Director.

PROJECT MANAGEMENT RESEARCH & ACADEMIC CONFERENCE

3rd PMI India Research Academic Conference, NITIE, Mumbai

Highlights

- Unique feature – Faculty Development program integrated with the Conference proceedings
- 4 Tutorials covering the key aspects of Project Management.
- Active participation from over 250 participants including delegates, students, paper presenters, invited speakers and guests attended the event.
- Presentations of 34 technical papers eleven tracks
- Three Key note address, Panel discussion on 'Research challenges: Trends and emerging opportunities for Project Management'
- Publication of 24 selected papers in the Proceedings
- PMI Awards given to noted academicians
- Book Display & Poster Presentation

1.1. Pre-conference Activities. (11th to 13th Feb 2015)

Faculty Development Program

A new feature was the **Faculty Development Program**, which included two day classroom trainings about Pedagogical approaches to teaching Project Management conducted by NITIE faculty. The Faculty Development programme was

coordinated by Prof. (Ms.) Karuna Jain, Director and Prof. V B Khanapuri. NITIE faculty took various sessions covering the different pedagogical approaches. This was followed by Tutorials on the different topics as per the details below.

Tutorials

Four tutorials were conducted by faculty members on the following topics:

- a. System Dynamic Modelling in Project Management by Prof. Padmanav Acharya, NITIE
- b. Project Complexity by Dr. Tapash Ganguly, Dean, NICMAR, Pune
- c. Project Risk including tools by Prof. Krishnamoorthy, Dean, Sunpharma Academy, Vadodara and Mr. Vinit Thakur, TAPMI, Manipal
- d. Project simulation and planning Software by Prof. Tapan Bagchi, Director, KIIT, Bhubaneswar

Prof. Acharya emphasized the importance of systems view for projects and introduced systems dynamics modelling. Prof. Ganguly further emphasized on the importance of NCTP diamond model to assess the nature of project for research. Mr. Krishnamoorthy gave a holistic view on the assessment of risk and covered all the knowledge areas of project management. Prof. Bagchi explained the use of Simulation software with the help of real project cases.

PMI RAC Conference (13th to 15th Feb 2015)

1.2. Inaugural Session

The third PM Research and Academic conference was inaugurated on 13th Feb 2015. During the inaugural program, Prof. (Ms.) Karuna Jain, Director NITIE (Host Institute) said, “This conference is an attempt to get researchers and practitioners together to elevate project management to a new level by focusing on future requirements and changes to be adopted on new teaching methods. The Chief guest for inaugural session, Mr. K Subramanian – Vice Chairman & MD, Afcons Infrastructure Ltd., Mumbai emphasized on the fact that do it yourself is the mantra of today. Project managers will have to walk that extra mile because at the end of the day project management is all about relationships and teamwork. He further added that top management will need to continue to invest in people and create an environment to retain talent. According to him, the next big wave would be the demand for project management graduates/professionals than the IT manpower. Dr. Vijay Kanabar, Professor and Director of Project Management programs at Boston University, USA and Dr. Mangesh Koregaonkar, Director General, NICMAR, Pune were Guest of Honour on this occasion. Prof Ashok K Pundir, Conference Chair welcomed the participants and Mr. Raj Kalady, MD, PMI India briefed about various activities being carried out by PMI and Prof V. B. Khanapuri proposed the vote of thanks for the inaugural function.

1.3. Keynote Address

There were three keynote addresses by experts from varied sectors such as IT, Education, Transportation, Defence, Oil & Gas, Infrastructure and Government during the three days of the Conference. Key note addresses were delivered as follows:

- 1) Mr. G S Tuteja, Chief Signal & Telecommunications Engineer, Western Railways, Mumbai spoke on project planning and implementations. Mr. G.S Tuteja started right from Project management fundamentals and explained that project delay is a major criterion because huge funds and stakeholders are involved.
- 2) Dr. Vijay Kanabar, Professor and Director of Project Management programs at Boston University, USA, spoke about “Project Management Education – Curriculum Needs to Develop a Competent Workforce”. Dr. Vijay Kanabar mainly spoke about the significance of University Responsiveness to Workforce Trends and PMI's Curriculum Guidelines.

- 3) Dr. (Ms.) Tessy Thomas, Project Director, DRDO, Hyderabad, popularly known as “Missile Woman of India”, highlighted the challenges and successes in Defence projects. Ms. Tessy Thomas emphasized the importance of achieving single digit accuracy. She presented the growth profiles of indigenous technology for 'Agni' Missile for India from being a technology base to becoming technology leader. She welcomed the contribution of Indian industry in developing sophisticated missiles for our country. Ms. Thomas presented a career growth graph of engineers from technical knowledge base to developing techno-managerial capabilities. She shared that the willingness to take risk, positive attitude, following one's own intuition, no excuse for failure and acceptance of failure are key traits of achieving success. She interestingly presented the stress verses hierarchy graph as she climbed up the ladder from scientist to director. In an engaging way, she articulated her 'Agni' missile launch experience as a project director, multi-disciplinary activity, team management, complete system know how, technical requirement, month long extensive launch campaigns.

1.4. Special session by Dr. Vijay Kanabar

Dr. Vijay Kanabar, Professor & Director of Project Management programs at Boston University, USA formally announced the launch of PMI's Guidelines for Under Graduate PM curricula and resources. He addressed a gathering of faculty members including members of the PMI India Academic Advisory Group (AAG) about the development of the guidelines and the support extended by PMI. Dr. Kanabar answered questions from the audience and stressed on the requirement to localize the document on need basis.

1.5. Technical Sessions

Tracks on technical presentations were spread across various research topics like Importance and need for infrastructure development in India, Information Technology, Organizational Projects, Social and public systems, Emerging Issues in project Management, Managing Dynamic Project Environment. These sessions had healthy discussions among various academicians and gave students deep insight into Project Management areas and taught them methodological approach to do research in this field.

1.6. Awards Program

PMI India Academic awards are instituted to honour academicians for their significant contribution in advocacy, research, education, and training in the field of Project Management. Two awards were given away under the PMI India Distinguished Scholar Award category, and three awards were given away under the PMI India Young Research Scholar Award category. Prof. (Ms.) Vijaya Dixit, NITIE received Young Research Scholar Award. This was followed by a cultural program “Indian & Western Fusion Music” by noted musician Ravi Iyer and his band.

1.9. Other Activities

Project Management books from PMI and Wiley were on display at the event, and almost all the delegates thronged the book stall. Also, a complimentary copy of the proceedings and white paper were given to each delegate.

Several books from PMI and Wiley were given away as prizes for the Best Technical Paper & also to the most enthusiastic student participants.

Faculty Development Program (February 2015)

One of the greatest influences in students' life is by their faculty. Thus, it is important to develop faculty capabilities in a way that will help them to deliver value to students/professionals by making the teaching/learning process more engaging and enriching. The challenge faculty members face today is, how to make classroom learning interesting and relevant for generation Y. A Faculty Development Program with the theme "Learn the Creative Pedagogical Approaches to teach Project Management" led by Prof (Ms.) Karuna Jain Director, NITIE and coordinated by Prof V B Khanapuri was held from 11th to 15th February, 2015. The program was innovatively conceptualised, integrating across the theme of the NITIE-PMI RAC 2015 PM Excellence Education research and Practice. The FDP had the three components interwoven across the 5 days. During the first two days i.e. on 11th and 12th of February, the focus of the program was on the teaching project management innovatively and creatively. One day was dedicated for helping the faculty learn new concepts through the tutorials and the last two days was integrated with the Academic Research conference including technical sessions, key note addresses and panel discussion. This was followed up on the fifth day with a directed discussions led by the Director, Prof Karuna Jain to help the FDP participants develop and build their research agenda.

WORKSHOP ON INDUSTRIAL SAFETY AND SUSTAINABILITY

Workshop on Industrial Safety and Sustainability was held in NITIE on 7th March 2015 with an objective to disseminate the concepts and good practices of Safety and Sustainability among manufacturing professionals. The workshop was organized by Professors Rauf Iqbal, Shirish Sangle, Shankar Murthy and Vivek Khanzode. The workshop was inaugurated by Shri Ravi Budhiraja IAS, Chairman, Maharashtra Water Resources Regulatory Authority as Chief Guest; Prof. Seema Unnikrishnan, Dean (Academic), NITIE, Prof. Neelima Naik, Dean (Research), NITIE and Prof. A. K. Pundir, Dean (Placement & Students affairs), NITIE. Practice Leaders and experts in the area of Safety and Sustainability were invited to deliver talks in the workshop. 61 delegates from various parts of India participated in the workshop.

Panel discussion on Sustainability

The Workshop included:

1. Key Note Address on “Success Story” - Vijay Karia, MD, Ravin Group
2. Panel Discussion on Sustainability in Manufacturing: Challenges & Opportunities.
 - a. Mr. Vijay Karia, MD, Ravin Group
 - b. Mr. Ram Kumar, Director, REConnect Energy
 - c. Prof. Shirish Sangle, NITIE who was the moderator for the panel discussion.
3. Success Stories on Sustainability were presented by -
 - a. Ms. Cristianna Peruzzo, Director, CSR & Sustainability, Innovaid Advisory Services

Inauguration of workshop

- b. Mr. Sandeep Roy Choudhary, Head Carbon Finance/Sustainability & CC, VNV Advisory
- c. Mr. Harsh Seth, Sustainability Consultant, Ckinetics

- 4. Success Stories on Safety were presented by
 -
 - a. Mr. Mahesh Chandak, Regional ESH and HR Lead, India Africa, Monsanto.
 - b. Mr. Sunil Bailwar, VP, Corp EHS, Hindalco Ltd.

ACADEMIC PROGRAMMES**Post Graduate Diploma in Industrial Engineering (PGDIE)**

NITIE offers a two-year residential Post Graduate Diploma in Industrial Engineering, equivalent to Master's Degree in Industrial Engineering, recognized by the Government of India, Association of Indian Universities, and All India Council for Technical Education. The PGDIE programme has focus on techno-managerial and cross-functional skills. Admission is restricted to the candidates who qualify through Graduate Aptitude Test in Engineering (GATE), followed by Group Discussion and Personal Interview. Industry Sponsored candidates fulfilling eligibility criteria are also considered for admission.

The students of 42nd batch PGDIE programme (2012-14) have completed their programme and have been placed in various organizations.

The students of 43rd batch PGDIE programme (2013-15) have completed 7th (Final) Quarter.

Group Discussion and personal Interview for admission to 44th Batch PGDIE, 1st Batch of PGDMM & PGDPM were held from 28 –30 April 2014. A total no. of 2164 applications were received and 548 candidates called for Interview, 322 candidates have attended the GD & PI. 162 candidates joined the PGDIE, PGDMM & PGDPM Programmes.

The students of 44th batch PGDIE programme (2014-16) have completed 3rd Quarter.

Post Graduate Diploma in Manufacturing Management (PGDMM)

NITIE offers a two-year residential Post Graduate Diploma in Manufacturing Management. Admission is restricted to the candidates who qualify through Graduate Aptitude Test in Engineering (GATE), followed by Group Discussion and Personal Interview. Industry Sponsored candidates fulfilling eligibility criteria are also considered for admission.

The students of 1st batch PGDMM programme (2014-16) have completed 3rd Quarter.

Post Graduate Diploma in Project Management (PGDPM)

NITIE offers a two-year residential Post Graduate Diploma in Project Management. Admission is restricted to the candidates who qualify through Graduate Aptitude Test in Engineering (GATE), followed by Group Discussion and Personal Interview. Industry Sponsored candidates fulfilling eligibility criteria are also considered for admission.

The students of 1st batch PGDPM programme (2014-16) have completed 3rd Quarter.

Admission notification for 45th Batch of PGDIE, 2nd Batch of PGDMM & PGDPM (2015-17) was released in leading Newspapers/Journals, Magazines and on NITIE website on 1st February 2015. Admission related activities are in progress.

Post Graduate Diploma in Industrial Management (PGDIM)

NITIE offers a two-year residential Post Graduate Diploma in Industrial Management (PGDIM), recognized by All India Council for Technical Education. The PGDIM addresses all the strategic, tactical and operational issues involved in today's business. An understanding of the various perspectives and dimensions of business is at the base of this programme. The programme has focus on Systems, Operations, SCM, Business Policy, Tools and Techniques, Human Resources, Marketing and Finance areas which help in developing the right knowledge mix. The programme addresses the needs of the Industry by targeting the entire value chain of the business organization.

Admission to PGDIM programme is restricted to Engineering Graduates who qualify through Common Admission Test (CAT) conducted by the IIMs followed by Group Discussion and Personal Interview.

The students of 19th Batch PGDIM programme (2012-14) have completed their programme and have been placed in various organizations.

The students of 20th Batch PGDIM (2013-15) programme have completed their 7th (Final) Module.

A total no. of 5145 application were received, of which 1349 candidates were shortlisted for GD/PI based on the CAT Score and Under graduate Marks. 262 candidates joined the PGDIM & PGDISEM Programmes.

The students of 21st Batch PGDIM (2014-16) have completed 3rd Module.

Post Graduate Diploma in Industrial Safety & Environmental Management (PGDISEM)

NITIE has launched a Post-Graduate Diploma in Industrial Safety and Environmental Management which is of two years duration and is approved by All India Council for Technical Education. Objective of the Programme is to provide knowledge to improve quality of industrial safety and environmental practices, to equip the students.

With necessary expertise to manage Industrial safety and environmental problems effectively paving the way for cleaner and safer production, to inculcate a systematic approach in dealing with Industrial Safety and Environmental Management through scientific management methodologies available for decision-making, and to provide foundation for specialized studies and research in safety and environment.

Admission to PGDISEM Programme is restricted to Engineering Graduates who qualify through Common Admission Test (CAT) conducted by the IIMs followed by Group discussion and Personal Interview.

The students of 12th Batch PGDISEM (2012-14) have completed their programme and have been placed in various organizations.

The students of 13th Batch PGDISEM (2013-15) programme have completed their 7th (Final) Module.

The students of 14th Batch PGDISEM (2014-16) have completed their 3rd Module.

Post Graduate Diploma in Information Technology Management (PGDITM)

NITIE has designed a Post-Graduate Diploma in Information Technology Management (PGDITM) Programme of two year duration and is approved by AICTE. The objective of the Programme is to develop knowledgeable and skilled IT professionals who can formulate IT strategies and design, develop and implement IT based total business solutions for global enterprises in various sectors.

Admission to PGDITM Programme is restricted to Engineering Graduates who qualify through Common Admission Test (CAT) conducted by the IIMs followed by Group discussion and personal Interview.

The students of 7th Batch PGDITM (2012-14) have completed their programme and have been placed in various organizations.

The students of 8th Batch PGDITM (2013-15) have completed their 7th (Final) Module.

Admission notification in respect of PGDIM 22nd Batch & PGDISEM 15th Batch was released in leading Newspapers/Journals, Magazines and on NITIE website on 12th October, 2014. A total No. of 6156 applications were received and 1759 candidates were short listed for GD & PI based on the CAT Score and overall academic performance. GD & PI is scheduled to be held from 06.04.2015 to 10.04.2015.

CONVOCATION

XX Convocation was held on 10th June, 2014. The occasion was graced by Dr. Kamal Sharma, Vice Chairman, Lupin Pharma Limited, Chairman and members of the Board of Governors, NITIE. 383 students of PGDIE-XLII, PGDIM-XIX, PGDISEM-XII, PGDITM-VII and 05 students of FELLOW programme have been awarded Degree/Diploma certificates.

MANAGEMENT DEVELOPMENT PROGRAMMES

NITIE offers about 100 short-term programmes of one to two week duration every year for practising managers, engineers and administrators. So far, about 57,695 executives and specialists from various organisations have been trained through these programmes.

Managerial capability is the most critical factor of one's competitive edge. Managers have to keep pace with the contemporary pattern of socio-economic, technological changes and complexities, and its impact on business performance. To perform a managerial role or to fulfil a managerial task successfully, the executives need a vast mix of skills different from that of traditional wisdom. In this era of global competition, managers have to demonstrate excellence and strive for gaining competitive advantage.

NITIE considers this philosophy as paramount importance in developing professionals through its Management Development Programmes. NITIE endeavours to update its programmes to meet the current and emerging needs of the industry in the field of industrial engineering and management.

During the year 2014-15 NITIE conducted 18 Management Development Programmes and 140 participants attended various programmes. Details are given further :

UNIT BASED PROGRAMMES

Unit based Programmes (UBPs) are designed to suit the requirements of individual organisations. These programmes provide an opportunity to gain first hand knowledge which help the client organisation in improving its productivity, efficiency, performance, etc. These programmes also help in generating new ideas, concepts, methods and techniques that are appropriate for the organisation.

Unit Based Programmes are designed to increase enterprise's effectiveness. The programmes are designed to inculcate the latest concepts and

techniques in the relevant field; to identify; areas for productivity improvement to enable them to apply the knowledge gained to real-life problems in their organisations; and to create an awareness of the value of training and bring about a change in the attitude of the employees for achieving organisational goals.

During the year under review, NITIE conducted 26 UBPs. A total no. of 603 participants attended the programmes. Details are given in the Table below.

NITIE CENTRE FOR STUDENT ENTERPRISE (NCSE)

Co-ordinator : Dr. T. Prasad, Associate Professor and Faculty Adviser NCSE

NITIE Center for Student Enterprises (NCSE) is launched with the support of Department of Science and Technology, NSTEDB, GOI during the 2007. NCSE promotes an student entrepreneurship as pedagogical innovation to enhance learning effectiveness. There are 2.8 crore graduate students studying in PG and UG colleges who are the target audience of NCSE for student entrepreneurship. A variety of pedagogies known as Maha Mandi, and Student Enterprises are actively promoted by the center.

**Maha Mandi 9 Aug 2014 Inauguration by
Shri. Sharad Kumar Saraf, MD Technocraft Industries and
Shri. Vivek Sawant, MD, Maharashtra Knowledge Corporation**

NCSE over the last ten years developed / experimented and operationalised most innovative pedagogies which lead the students to enterprising as part of curricular studies. NCSE project is an attempt to bring in the Gandhian philosophy of Education viz., Self-Sufficiency, Holistic development, and Respect for work in to Learning process. At present the center is self reliantly working without the funding from DST – GOI.

Centers achievements :

Maha Mandi 2014 : Annual Entrepreneurial Extravaganza!

NCSE conducted its annual most entrepreneurial annual program for 800 of MBA students called **Maha Mandi** on 9 Aug 2014. In this field day program MBA students are made to experience enterprise through the medium of 'learning by doing and earning'. The program was unveiled by Shri Sharad Kumar Saraf MD Technocraft Industries Mumbai and noted Gandhian practitioner Shri Vivek Sawant MD Maharashtra Knowledge corporation Limited (MKCL) Print and electronic Media cheered NITIE for spearheading one of its kind indigenous learning methods for entrepreneurship education.

Deferred Placement Policy @ NITIE : One more achievement of NCSE during the year 2013 – 14 is introduction of **Deferred Placement Policy** (DPP) where NITIE students for certain specific duration opt out for placement and again come back if they seek placement help from NITIE Placement Cell. This policy will help all those students who face the dilemma of placement and entrepreneurship so that temporary help comes to them as DPP.

During the year TWO NITIE students opted for Deferred Placement .

Entrepreneurship Development Course @ NITIE : NCSE actively promotes entrepreneurship through academic programs offered at NITIE. Due to the efforts of the NCSE the elective course **Entrepreneurship Development** is becoming increasingly sought after at NITIE. During the year

2013 – 14 32 students opted for Entrepreneurship course at NITIE.

No. of students opted for Entrepreneurship course N = 32

No. of student enterprises launched as part of the course N = 2

**STAR Student Enterprises @ NITIE**

Two NITIE student enterprises are worth watching for their potential and future impact that they are going to make in the market. They are

- Gyan Paul.Com and
- Lal10.Com

NITIE is proud to be part of their conception, launch and growth.

NITIE CENTRE FOR COMMUNICATION STUDIES**Co-ordinator : Prof. Nikhil K. Mehta**

NITIE Centre for Communication Studies initiated its activities with the objective of strengthening communication capabilities and understanding of the students of NITIE. During the year 2014-2015, following activities were conducted by the centre.

- NITIE Centre for Communication Studies organized French classes-30 hours. Ms. Sanyogita Zadkar from Alliance Française de Bombay conducted the classes. A group of 15 students from different stream successfully completed the course.
- NITIE Centre for Communication Studies organized Spanish classes-35 hours. Ms. Idoia Gutierrez from Instituto Hispania, Mumbai conducted the course. A group of 15 students from different streams participated in Spanish classes. Mr. Dipronil Mandal, and Mr. Angad Singh, students of PGDIM-21 were given certificates for their meritorious performance from Instituto Hispania.
- Under the auspice of NITIE Toastmasters Club, an endeavour of NITIE Centre for Communication Studies, 30 toastmaster sessions were conducted. Over 50 students across the stream participated in these toastmasters' sessions.
- Shri Ashutosh Singh, student of PGDIM-20 was successfully awarded Competent Communicator Award from Toastmasters International, California, USA.
- NITIE Centre for Communication Centre successfully hosted one-day Division D Club Officers Training programme on January 17, 2015 at NITIE, Mumbai. Over 100 participants participated in the event.
- Presentation Critique exercises were carried out for students of PGDIM-21C, PGDIE-44B and PGDMM-01 and PGDPM-01 under the auspice of NITIE Centre for Communication Studies.
- In the last year we have earned sum of Rs. 4, 63,511.00 as an income out of which Rs. 4, 22,698 was incurred (earned savings of Rs. 40,813).

AMCE LABORATORY**Advanced Manufacturing Center of Excellence****Co-ordinator : Prof. Milind Akarte**

AMCE (Advanced Manufacturing Centre of Excellence) – A DST project under FIST (Funds for Improvement of Science and Technology) – was established at NITIE during 2006 -07. It includes facilities like CNC Lathe, CNC Mill, Robots, AGV, ASRS, Automated Assembly & Inspection System, RP machine, Pro/E , Witness Simulation software.

By integrating some of the above facilities, different FMS (Flexible Manufacturing System) configurations / Environments can be modeled and analyzed to better understand the automated manufacturing. In AMCE, these facilities are being upgraded for their software and hardware. The new version of FMS software will facilitate the both, virtual and physical modeling of integrated manufacturing system.

Recently, Project Engineer (Technical) has joined AMCE and he is working on developing various experiments based on these facilities. Elective: OP-12: Flexible Manufacturing System has been offered in the Module V (July-September) for the PGDIE and PGDMM Second year students. The elective will facilitate the PG students of the Institute to understand CIM & FMS – an automated manufacturing environment, and model & analyze various configurations of FMS set up.

Important activities planned during the financial year 2015-16

- Up-gradation of FMS set up
- FMS elective for PGDIE and PGDMM students
- Host one project / student under the MOU with Ecole Central de Lille, France
- Projects to PGDIE and PGDMM students during the Module VII and VIII

AUDIO-VISUAL LABORATORY AND SECTION**Co-ordinator : Prof. V. B. Khanapuri**

An Audio Visual Lab was used extensively for video recording exercises for developing Presentation/ Communication skills & Interview Techniques of PGDIE, PGDIM, PGDISEM & PGDITM students & also MDP/UBP participants of various courses.

During the year 2014-2015, the video recording of the events- Lakshya Business Visionary Awards, Lakshya Distinguished Leaders Awards, Prerana Business Meet, Supply Chain Conclave, Finance Conclave, Sansmaran, Envision and XX Convocation, Mahamandi, Institute Day Celebration, Awartan (Fresher's Night, Band,

Dance & Singing Competition), etc. was done in-house. Edited videos of Lakshya BVA & DLA, Sansmaran, Institute Day Celebration, Mahamandi and XX Convocations were produced in-house. Video clips of XX Convocation were uploaded on youtube.com.

A V Lab has an ambitious plan of developing Educational Video Programs on various areas of IE, IM & allied areas. A process of procuring new Non-Linear Editing System has been initiated for editing of videos.

**ENVIRONMENTAL ENGINEERING LABORATORY /
INDUSTRIAL ENVIRONMENT LABORATORY**

Co-ordinator : Prof. (Ms) Seema Unnikrishnan / Prof. (Mrs.) Neelima Naik

The Environmental Engineering lab at NITIE was set up in 1995. It is well - equipped with state of the art Instruments like the UV spectrophotometer, Total Organic Carbon Analyzer [TOC] and the Gas Chromatograph [GC]. These instruments have been used during the year 2014 – 2015 to teach the students of the post graduate Programme in Industrial Safety and Environmental Management for subjects like Air quality Management.

The research activities of the centre of environmental sciences and the Saraswathi research project are being carried out with the help of this lab. The fellow students in environmental management area are also using the lab for their research purpose.

Noise & Hearing Measurement equipment in the Industrial Environment laboratory is used by the students Post Graduate Diploma in Industrial Safety & Environmental Management (ISEM) to have "Hands on" experience for the course on "Industrial Noise Management". The same is also used for demonstration to the Management Development Programme participants in the EHS area.

The other equipment in the laboratory is used for the research activities of the Centre for Environmental Studies and that of the Supporting Consolidation, Replication and Upscaling of Sustainable Wastewater Treatment & Reuse Technology for India (SARASWATI) project for chemical analysis and microbiological studies.

CENTRE FOR ENVIRONMENTAL STUDIES (CES)

NITIE in 2001 had started a unique PG course Post Graduate Diploma in Industrial Safety and Environmental Management (PGDISEM) dealing with safety and environmental issues. To create research focus in the area of environmental management and sustainability, the “Centre for Environmental Studies (CES)” was established in 2009 with the focus of research being in the following areas:

1. Eco Systems Management
2. Business and Sustainable Development
3. Environmental Policy Making

Research work in progress:

1. Conservation of Mangroves - Role of mangroves in preventing disasters like tsunamis, cyclones and floods: - A framework is being developed that can be used for estimation of Biomass for mangrove ecosystem. The biomass estimation has been done by both ground-based and remote sensing based techniques. Utmost care was taken to remove the possible sources of error in both techniques. A relationship between Above Ground Carbon vs Below Ground Carbon, Canopy Carbon vs Branch Carbon etc. has been established. This framework will be useful to estimate the carbon content of mangrove ecosystems for past years and also when forest inventory data is not available. The study will lead to development of an effective management plan for mangroves and forest.

2. Management of urban lakes and urban watersheds: - Collection of rainfall runoff data and generation of events from those data for more than 200 US watersheds, validation of developed NRCS-

CN based model with 20 US watersheds, development of NRCS-CN based open source GIS interface for surface runoff estimation and its application in Tilaiya watershed is being done.

Analysis of Powai Lake water for water quality parameters was carried out. Work on summer sampling is in progress.

3. Innovations in ecosystems management:- Secondary data collection of rural and urban ecosystem management projects was carried out. Questionnaire design and visits are in Progress.

4. Clean Development Mechanism (CDM):- CDM registered projects are being analyzed to study GHG mitigations in all sectors.

5. Life Cycle Assessment (LCA):-LCA studies from of sewage treatment plants using conventional and non conventional technologies are in progress.

LCA study of electricity from coal and gas power plants is in progress.

6. Innovations in sustainable business development: -Questionnaire on innovation in packaging design was developed and administered to 25 industries as a part of study on packaging practices in FMCG companies.

7. Waste Management Studies: -Questionnaire was developed and administered to 26 waste recyclers in Maharashtra.

8. Comparative assessment of environmental policies in India and other countries and Climate Change and its impact on India: - The questionnaire on „Implications of environmental regulations and

climate change on business “was sent to international and national experts for their feedback and then was modified based on the suggestions. A pilot survey covering large-scale as well as SMEs was undertaken covering varied sectors mainly around Mumbai. Reliability and validity of the questionnaire was tested and was found satisfactory for use in the main study. The actual survey is in progress.

A study on energy regulations in India was also undertaken. An analysis of Renewable Energy Certificate mechanism and Perform-Achieve- Trade scheme for energy efficiency was performed.

The CES team attended several international and national conference/workshop/seminars during 2014-2015 including International Conference on Green Technology for Environmental Pollution Prevention and Control (ICGTEPC), Tiruchirappalli (National Institute of Technology- Department of Chemical Engineering), POMS

25th Annual Conference 2014 (Atlanta, GA, USA), Workshop on Awareness & We: Complexities interlinking Health and Environment in today's Context (Green Health Foundation and NEERI, Worli). The CES team has published 8 papers in Journals, 2 papers are accepted for publication in international journals, 11 papers were presented in conferences and published in the proceedings and 1 paper has been accepted for an international conference.

SARASWATI PROJECT

SARASWATI is a research project entitled 'Supporting consolidation, replication and up-scaling of sustainable wastewater treatment and reuse technologies for India', SARASWATI, sponsored by Department of Science and Technology (DST) as a part of European Union (EU) DST under the framework of Indian European Union Science & Technology Cooperation Agreement.

A project consortium meeting for European Union (EU) and DST Indian partners was organized on 2nd and 3rd November 2014. 13 European and 8 Indian

participants were a part of this meeting where project study results and future plans were discussed.

Pilot – Closed vessel Composting system was shipped from Centro de Estudios e Investigaciones Tecnicas de Gipuzkoa (CEIT), Spain and reached NITIE, Mumbai end of October 2014. The reactor was installed and commissioned in Environmental Engineering Laboratory on 3rd November. The reactor has been shifted and installed at Nirvana Park, Hiranandani, Powai (designated site), for further studies.

PHYSICAL ERGONOMICS LABORATORY

Facility developed TIFAC CORE centre and Physical Ergonomics Laboratory was extended to the residents of NITIE for health and Fitness Programme on payment basis.

ACTIVITIES OF PHYSICAL ERGONOMICS LABORATORY

NITIE has a sophisticated physical ergonomics laboratory which has equipments like 3-dimensional motion analysis system, equipment for human performance and posture analysis, work environment monitoring system etc. The laboratory has been created for applied research on industrial issues. Laboratory facilities are being used by the fellow students. Beside this, the facilities are used for PGP students for their assignments and also in industrial consultancy.

Ergonomics laboratory

During 2014-15 six fellow students have been working in the Ergonomics laboratory and one student has completed her work and submitted the thesis. There were four journal publications (two international and two national journals) during the year 2014 – 15. There were five presentations in national conferences and one presentation in international conference.

Beside the research projects carried out by the fellow students, the specific research project of the laboratory is on “Gait analysis of different walking patterns of Indian adults” Coordinator: Prof. Rauf Iqbal.

The institute has signed a MoU with Punjab Engineering College (PEC) University Chandigarh under which various activities on ergonomics have been taken up, like joint research project and joint guidance of PhD student. NITIE has conducted a 5 days Faculty Development Programme at PEC University on 'Vehicular and Transport ergonomics'.

Facility developed by TIFAC CORE centre and Physical Ergonomics Laboratory was extended to the residents of NITIE for health and Fitness Programme on payment basis.

COMPUTER CENTER

The Institute is equipped with the State of Art Computer Hardware and Software to meet its varied requirement of teaching training research, consultancy and developments. More than 400 personal computers with a wide range of processor, hard disks, monitors, keyboards, mouse and printers are maintained and kept very high uptime to various users. The networking system supports Internet Web surfing and E-mail services. Post Graduate students of Industrial Engineering, Industrial Management, Industrial Safety and Environmental Management and Information Technology Management are being highly benefited in their assignments and projects handling. The latest versions of software like SPSS ver. 21.0, Stata, Statistic ver. 7 x and Systat Clementine Primavera have been made available for various users at the Institute along with the Microsoft University Alliance Programme and SAP UniversityAlliance Programme.

The Institute has gone into an agreement withMicrosoft for their Microsoft Campus 3 subscriptionenrolment where in all users at Institute will uselicensed Microsoft products. The Institute has also procured anti-virus softwarewith online support for 3 years against spam, spyware etc. and protecting the entire network fromvirus attacks.

The Institute has one IBM server along with licensed software 3-db2 8.2 and WAS 5.1 under IBM special scheme for Educations Institutions. Wi-Fi connection has been provided in all the 5Hostels so as to enable students to have the facility of internet in their rooms and around the Hostel. Institute has Video Conferencing Equipment (Polycom) along with 3 BRI lines from MTNL which will facilitate in the placement of students.

The center provides facility to upload various information like results, convocation, MDP calendar, tender notice and other events of the institute on to Institutes web site. Support is provided by the computer center for maintenance of all computer systems, LCD Projectors,operating systems and application software. The institute has launched its new website address www.nitie.ac.in. Presently the process has been initiated to make the whole campus wifi enabled.

LIBRARY

NITIE Library has one of the richest collections of Books, Journals and Electronic Databases in the field of Industrial Engineering and Management. We have extensive and in-depth collection in the field of Production and Operations Management, Industrial Engineering and Industrial Management, Organizational Behavior, Industrial Training, Ergonomics, Environment, Health and Safety.

We cater to the needs of our Faculty, Students, Visiting faculty and Members from the Industry. As we have a residential campus, the Library also caters to the needs of staff and their family members.

Books

Library has (as on 31.03.2014) Technical book collection of 55625, Recreation Reading books about 7873, Bound Volumes of Technical Journals 11,172, Hindi Books 2658 and 795 Marathi Books.

Journals

Library subscribe to 203 Technical Journals both National and International. Out of these we subscribe 65 journals online and 56 journals Print+Online. The URL of these journals is on library WEBOPAC. The library subscribe to 14 Semi-technical journals, and 18 Recreational Magazines.

Newspaper: 6 English 2 Hindi, 2 Marathi and one each in Gujarati, Tamil and Telugu national newspapers are subscribed for our users.

Consortium Member

NITIE is CORE Member of INDEST consortium since its inception along with IITs, IIMs, and NITs.

Campus wide Access 24X7

Library provides Information Access 24X7 throughout the campus on a campus-wide Network. Our LIBSYS Library management package is loaded on our server the Red Hat Linux Server. Our DOS server provides access to several Indian databases like PROWESS, EIS from CMIE (Centre for Monitoring Indian Economy).

Apart from above we have acquired through GIST, a Meta search service called Knimbus through which we provide online access to the following technical journal databases which are widely used within our Campus under a single URL. This is used for access to online journals as well as Databases.

a. ABI Inform	PROQUEST
b. Economic Intelligent Service(EIS)	CMIE
c. Emerald Management Xtra 175	Emerald
d. Indiastat.com.India Pvt Ltd.	Datanet
e. Industry Analysis Service	CMIE
f. PROWESS	CMIE
g. Science Direct:	
i) Business Management & Accounting	Elsevier
ii) Decision Science	Elsevier
iii) Environmental Science	Elsevier
h. IEEE Explore portal	IEEE
I. ACM Portal	ACM
j. EBSCO Business Source Complete	EBSCO
k. EPW Research Foundation (India Time Series)	EPW
l. Jstor	Jstor

The Library has a CD-Server which can mirror more than 1000 CDs, we have mirrored about 582 CDs, access is provided 24X7 across our Intranet. Some of them come with Books others are Management Training CD ROMs.

The Library offers Membership to the Institute's Corporate Clients and Industrial Consultants:

- o Donor Memberships.
- o Annual Memberships.
- o Annual Professional Memberships.
- o Day Users.

During 2010-11 the library has introduced Bar-Code labels for all its books and also has initiated the new Smart-Card for Library user. We have also installed Electronic access control gates from 3M.

Project Management Agency: CPWD

Contractor: M/s Nagarjuna Construction Co. Ltd.

Estimated amount put to tender: Rs. 24,87,71,850.00

Contract Value: Rs.35,74,76,155.00

Modified Preliminary Estimate submitted by C.P.W.D. (B.O.G.128th dt.5.12.2008) : Rs.43.20 Cr

Scheduled Date of Start: 27.05.2009.

Scheduled Date of Completion: 26.12.2010.

Revised Date of completion: 30.11.2011

Present status: Civil work has been completed as per the intimation received from CPWD.

Interior work being taken up with CPWD. Tenders invited by CPWD. Interior work in progress.

(ii) Construction of Multistoried Hostel Building

Architect: Shashi Prabhu and Associates

Project Management Agency: CPWD

Contractor: M/s Klassic Construction Co. Ltd.

Estimated amount put to tender: Rs.18,37,99,597.00

Contract Value: Rs.26,76,97,291

Modified Preliminary Estimate submitted by C.P.W.D. (B.O.G.128th dt.5.12.2008) : Rs.40.50 Cr

Scheduled Date of Start: 06.03.2010

Scheduled Date of Completion: 05.11.2011

Revised Date of completion: 30.04.2012

Present status: Civil works completed. Received Part Occupation Certificate for Ground plus three floors.

Process for Full Occupation Certificate already initiated.

III) ENCROACHMENT OF LAND AT NITIE: CONDUCTING SURVEY

Brief status report is as below:

- (1) There is approximately an area of 6 acres of land which has been encroached on date. The exact nos. of hutments eligible for rehabilitation subject to other parameters are required to be verified through a survey.

- (2) As per the prevailing rules and regulation framed by Maharashtra State Govt., NITIE has to contact the Collector (Encroachment / Evacuation) for conducting the survey to identify the eligible/ineligible hutment dwellers and also to remove the encroachment from NITIE land. This course of action was directed by Secretary, Housing Department, Mumbai – 32 vide his letter dt.20.05.2005.
- (3) As such NITIE vide its letter under Ref.1 Our letter dt. IE/2007/465/298 dt. 17.12.2007 requested Additional Collector (ENC) Eastern Suburbs, Mumbai to carry out the said survey. For this an NOC from Central Govt. has also been submitted to Addl. Collector (ENC), Eastern Suburbs, Mumbai.
- (4) Additional Collector vide his letter under Ref.2 Letter received from Additional Collector Encroachment / Evacuation), Eastern Suburbs, Mumbai dated 15.2.2008 replied and informed us to carry out the said survey by NITIE and submit the survey-list with proofs to his office and after that his office would obtain order from State Govt. and then his office would decide the eligibility/ineligibility of hutment dwellers.
- (5) On 22.2.2008 this matter was discussed with Shri Jagdale, Additional Collector (Encroachment/Evacuation), Eastern Suburbs, Mumbai. Although he accepted that it is a duty of his office to carry out the survey he showed his inability to carry out survey due to shortage of manpower. He suggested that survey may be carried out by Institute or by engaging private surveyor or NGO and also he gave some sample proforma and related Govt. G.R. copy.
- (6) Considering above facts following options were available to carry out the survey:
- (i) To carry out the survey by Institute
 - (ii) To carry out the survey by engaging Private Agency or NGO
 - (iii) To insist the State Govt. to carry out the survey.
- As this Institute has no expertise and sufficient manpower to carry out the survey so Option-(i) is not suitable. For option No. (ii) Institute has to incur the expenditure. So NITIE has taken a decision to opt option III as it is the best, most reliable and there will be no expenditure except a nominal fee as fixed by State Govt.
- (7) After finalization of list Institute has to approach MHADA for Slum Rehabilitation Scheme.
- (8) As such NITIE requested Principal Secretary, Housing, Govt. of Maharashtra to carry out the survey to identify the eligible/ineligible hutment dwellers on the encroached land of NITIE vide letter No. IE/2008/G-65/154 dt. 09.05.2008. But there is no response from them till date. Hence this matter was pursued with Government of Maharashtra.
- (9) With reference to above said letter Govt. of Maharashtra vide their letter No. Mis.2008/CR 178/Slum-2 dt.11.12.2008 informed to NITIE that Maharashtra Govt. is not empowered to conduct the survey of the encroached land other than the land belonging to State and Semi-Govt. and requested to carry out the survey of encroached land of NITIE including the list of hutment dwellers and map of the said area through NGO. If required Maharashtra

Govt. will only help this Institute to ascertain the eligibility of hutment dwellers on the basis of NGO report. It has been also informed that after receipt of report from NGO appropriate action will be taken by Maharashtra Govt. Now NITIE has enquired vide letter No.EE/2009/82 dt.7.8.2009 the Maharashtra Govt. regarding whether the NITIE land encroachment / unauthorized occupation is coming under Slum Rehabilitation Scheme or not. On confirmation of this NITIE will take this matter with MHRD and plan further course of action. In reply to this Maharashtra Govt. vide its letter No.SRA/ENG/Desk-1/G.R.V./006/5 dt.4.12.2009 has replied that as per prevailing policy, the S.R. proposal on the land owned by Central Govt. Autonomous Body/PSU is accepted after receipt of NOC from the concerned authority.

Now this matter is being discussed with SRA Officials before applying for NOC for SRA Scheme to HRD Ministry.

- (10) Regarding Slum Rehabilitation Scheme implementation, information from MHADA has also been sought vide our letter No.EE/G-118-B/2010-11/30 dt.7.5.2010. Their reply is awaited.
- (11) The above facts were considered in the 131st meeting of Board of Governors, NITIE held on 26.6.2010, and it was decided to take-up the matter with the Ministry of HRD so that the Govt. of India can suitably refer the matter to the Govt. of Maharashtra for early settlement of the issue. Now this matter is being taken up with Govt. of India for settlement of this issue. In this regard Ministry has been requested vide our letter No.EE/2010/G-118C/272 dt.28.10.2010 to take up this

matter with Govt. of Maharashtra. Govt. of India is now being pursued vide our Letter No.EE/2011/351 dt.8.3.2011.

- 12) A letter dated 08.11.2013 was sent to Deputy Secretary (TEL), appraising him of the land details and earlier correspondences. It was requested by the Institute to take up this matter with the Govt. of Maharashtra for suitable further necessary action for early settlement of the issue.
- 13) Letters dated 08.11.2013 and 27.02.2014 were sent to Senior General Manager (Business Development), NBCC Limited requesting them whether NBCC could undertake implementation of SRA Scheme in case of land owned by Central Govt. Autonomous body. The reply is awaited.

IV) REPORT ON LAND MATTER AND ENCROACHMENT OF NITIE LAND.

- 1) A letter dt.2.2.2013 was received from Sub-divisional Officer, Office of the Mumbai Suburban District mentioning charges for N.A. use of 250193.41sq.m. land including penalty amounting to Rs.57,44,438/- under Section-45 of Maharashtra Land Revenue Code, 1966. The matter was discussed with NITIE, Legal Adviser M/s. A.M. Nathani & Associates. A reply dt.14.2.2013 was submitted to the Sub-divisional Officer, Office of the Mumbai Suburban district mentioning exemption for Educational Institutions from paying N.A. charges under Clause-4 of Section-117 as well as Clause-5 of the said section.
- 2) Letter ref. no. ACS/22844/AEBF dated 9.11.2012 was received from Assistant Municipal Commissioner 'S' ward, BMC

- mentioning unauthorized construction being carried out on Aarrey land.
- 3) Letter ref. no. ACS/22844/AEBF dated 30.01.2013 was received from A.E. (B & F) 'S' ward, BMC mentioning unauthorized construction being carried out on NITIE land. (Aarrey mentioned in earlier letter corrected as NITIE land).
 - 4) Letter ref. no. ACS/34294/AEBF dated 18.02.2013 received on 25.02.2013 from to "Assistant Municipal Commissioner 'S' ward, BMC" mentioning encroachment by local antisocial elements.
 - 5) The matter was brought to the notice of Legal Adviser NITIE, who prepared a draft reply to BMC.
 - 6) Note dated 20.02.2013 was put up for approval of the draft reply to BMC 'S' ward. The approval was received on 25.02.2013.
 - 7) Note dated 20.02.2013 was put up for approval of the draft reply to BMC 'S' ward. The approval was received on 25.02.2013.
 - 8) The reply dated 26.02.2013 was sent to "Assistant Municipal Commissioner 'S' ward, BMC", mentioning willingness of the institute for paying necessary demolition charges.
 - 9) Letter ref. no. ACS/37793/AEBF dated 14.03.2013 received on 20.03.2013 from A.E. (B & F) 'S' ward, BMC mentioning that 29 shanties were demolished on 06.03.2013 on the basis of letter dated 26.02.2013 received from NITIE. It is stated in the letter that the demolition charges of Rs. 11,349/- are required to be paid to BMC by the institute. It was further mentioned in the letter that since NITIE is the landlord of the said land, it should protect its land from any further encroachment/unauthorized construction work and BMC should not be held responsible for the same. Payment of Rs. 11,349/- vide cheque no. 177724 dated 28.03.2013 was made accordingly.
 - 10) Reconstruction of demolished hutments was observed again. Note dated 28.3.2013 was put up for approaching BMC for demolition of these hutments. Accordingly, letter ref. no. EE/2013/564 dated 05.04.2013 was sent to "Assistant Commissioner 'S' ward, BMC" requesting demolition of the encroachments.
 - 11) Subsequently, letter ref. no. EE/2013/78 and EE/2013/79 dated 27.05.2013 were sent to Assistant Commissioner 'S' ward and Assistant Engineer (B & F) 'S' ward BMC.
 - 12) Assistant Engineer (B & F) 'S' ward BMC vide its letter ref. no. ACS/665/AEBF dated 24.6.2013 intimated the Institute that they have demolished the unauthorized construction on 20.6.2013 and requested for the payment of demolition charges amounting to Rs. 12,318/-.
 - 13) A letter ref. no. EE/2013/202 dated 18.09.2013 was sent to "Assistant Commissioner 'S' ward, BMC" for removal of encroachment on open land and construction activity carried out at Dayabhai Chawl. In response a letter dated 17.10.2013 was received from Sr. Inspector (Ench.) 'S' Ward, mentioned that they have taken encroachment removal action and have seized the goods.

- 14) Some development were observed relating to renovation and expansion of Gaondevi temple. The matter was immediately reported to BMC and Powai Police Station. However, no support was received from the BMC and Police in this regard. Legal notices were served to BMC, Police and other people involved in the act. A case has been filed with Bombay High Court. Draft letters were sent to the Ministry for taking up the matter with The Additional Chief Secretary, Home Department, Govt. of Maharashtra and The Principal Secretary, Deptt. of Urban Development, Govt. of Maharashtra
- 15) A letter dated 6.2.2014 was received from Assistant Engineer 'S' BMC in response to an e-mail sent by Director to Municipal Commissioner, MCGM. A letter dated 20.2.2014 was sent to them.
- 16) The long pending issue related to Sub-divisional Officer, Office of the Mumbai Suburban District mentioning charges for N.A. use of 250193.41sq.m. land including penalty amounting to Rs.73,90,712/- and further fine of Rs.9,85,762/-under Section-45 of Maharashtra Land Revenue Code, 1966. The matter was discussed with NITIE, Legal Adviser M/s. A.M. Nathani & Associates. A reply dt. 4.2.2013 was submitted to the Sub-divisional Officer, Office of the Mumbai Suburban district mentioning exemption for Educational Institutions from paying N.A. charges under Clause-4 of Section-117 as well as Clause-5 of the said section. The hearing was attended on 13.2.2014 and the matter was closed as desired by the Institute.
- 17) The District Supdt. of Land Records, rejected the appeal filed by Sir Mohd. Yusuf Trust, against the order of City Survey Officer Mulund.

RESEARCH AND PUBLICATION**Incharge : Prof. (Ms.) Neelima Naik, Dean (Research)****UDYOG PRAGATI:**

NITIE publishes quarterly journal Udyog Pragati : The Journal of Practising Managers, dealing with new developments in Industrial Engineering, Industrial Management and allied fields. Udyog Pragati publishes papers and case studies on the application of industrial engineering and management concepts/techniques in industrial and government organization.

Udyog Pragati is widely subscribed by the corporate, management schools, engineering colleges, government and public sector organizations, and professionals. NITIE has mastered the art of bringing out 'Special Issues' on themes which are current and upcoming and those have impact on the performance of Indian Industry. Udyog Pragati has exchange relationship with publication of many Business schools/Institutions in India and is widely used by researchers and professionals in the field of industrial engineering and management.

This year NITIE has brought out a special Golden Jubilee issue along with other three as general issues. The special issue focussed on the theme "Technological Innovation in India MSMEs"

NITIE NEWS :

NITIE News is a quarterly publication widely circulated among industry, government organization, business schools, engineering colleges and eminent libraries in the country.

NITIE News contains information on Institute's activities such as Postgraduate Programmes, Management Development Programmes, Seminars, Workshops, Panel Discussions, Publication by faculty members and New initiatives taken by the Institute, etc. It also contains synopsis of the deliberations, seminars, etc. and thus help disseminate the knowledge to new and emerging areas in industrial engineering and management.

NITIE News is circulated to all the members of Alumni. Faculty and Staff at NITIE, Engineering Colleges and B-schools in the country with a view to inform them about the achievements of NITIE.

CONVOCATION - XX

On 10th June 2014, the lush green campus of National Institute of Industrial Engineering (NITIE) came alive with celebrations, as the institute honoured the graduating class of students at the XX Convocation Ceremony.

The Chief Guest of the event was Dr. Kamal Kishore Sharma, Vice-Chairman, Lupin Pharma. The event was also graced by Shri Gautam Thapar, Chairman, NITIE Board of Governors and Director, Dr. Karuna Jain.

Student receiving Best Student award from the Dr. Kamal Kishore Sharma, Chief Guest and Prof. (Ms) Karuna Jain, Director, NITIE

383 students of PGDIE-XLII, PGDIM-XIX, PGDISEM - XII, PGDITM - VII and 5 Students of FELLOW programme have been awarded degree/diploma certificates.

The Chief Guest, Dr. Kamal Kishore Sharma at the outset, congratulated the student recipients and the awardees on this very special day. Addressing the audience, he motivated the students to ascend towards holistic development which is combination of education, knowledge and ethical behavior.

Dr. Sharma highlighted the need for young minds to understand the true meaning of 'success' and

'happiness'. He said that in two decades India would have a new socio-economic order which would bring its own fruits and challenges. He emphasized that one must practice two things irrespective of the profession – pursuing differentiation and ensuring flawless execution. Besides this, he talked about creative disruption altering the business landscape and how it may be used as an opportunity by proactive organizations. He acquainted the students regarding advantages of innovative approach and said that smart companies manage an innovation portfolio where they can pursue a range of opportunities.

Students with scholastic excellence were awarded under various categories. Akshat Sisodia and Jitendra Nayak received Chairman's Medal and Dr Pranlal Patel Award. Satya Swarup, Ritesh Choudhary, Meenakshi Kumari, Bhavesh Relan, Ayush Sengupta, Abhishek Singh, Balaji G, Mihil Garg, Nikunj Mundhra and Vishal Rawal were also awarded for their academic achievements.

The ceremony ended with a jubilant note with all the students of the graduating batch cheering to celebrate each other's achievements. Riding high on the confidence instilled in them by the institute, these super achievers will now spread their wings into the real world and make the country proud with their accomplishments.

STUDENTS' ACTIVITIES:

NITIE cashed in on the spirit of IPL and came up with its very own NPL in 2011, a first of its kind annual cricket event among the B-Schools. One always envies the extravagance and glamour surrounding the IPL. NPL Forum since its inception in October 2010 has been successful in simulating the IPL atmosphere and providing an opportunity to the cricket enthusiasts

of NITIE to experience the same. It starts off right from team bidding, player auctioning & marketing and culminates into the actual cricket on the picturesque field of NITIE. Just the name of NPL generates a buzz in the campus and brings out the enthusiasm of students which is otherwise hidden in the tight schedules of the aspiring MBA grads.

NITIE was a plethora of colours as the institute's calendar year of 2014 kicked off with, Season 4 of the NITIE Premier League. A celebration of cricket and sportsmanship, NPL is the perfect opportunity for students of NITIE and B-schools across Mumbai to come together and prove their mettle on the cricket pitch, displaying their camaraderie which spans beyond B-school boundaries.

The entire NITIE campus was painted with the colours representing each of the six franchise Punjab Warriors, Lucknow Nawabs, Mumbai Mavericks, Bangalore Falcons, Delhi Dabanggs and Chennai United, for the whole span of the event which started with the NPL Bawaal on the 22nd January and concluded with the NPL Finals on the 16th February.

NPL Bawaal was an exhibition of NITIE's cricketing talent and a chance for budding team owners to scout for their favourite players. We saw some one-sided matches going a team's way, some going right down to the wire with a super over. A splendid final

saw IE43-B trumping IM19-A in the very last ball with four runs required off the last delivery which was completed with a clean boundary in the gap at covers bisected two fielders; such was the intensity of Bawaal. The centre-stage of NPL, Team and Player Auctions, arrived on the scene amidst lots of hype and hoopla surrounding every student in the campus. The Team Auctions took place on the 31st January. Smartly dresses team owners took their seats at the tables in eight teams of four each to bid for the franchisee of their choice. It was an intense clash of egos and loyalties as the top six bidders grabbed the Bangalore, Chennai, Delhi, Mumbai, Punjab and Lucknow franchisees, Delhi and Punjab among the Wildcard entrants this season. The owners enjoyed huge support from their stakeholders and it made for a totally unique experience for them as they used all their mind games and strategies under the spotlight to emerge as the next Mallyas and Ambanis, owning their own teams based out of their favourite cities.

The Player Auctions came up next on the 2nd and 3rd February, the second day reserved for foreign player auctions. Each team of owners was given the pool of players to choose from, and virtual cash of 6 lakhs to buy a 15 member squad. The teams now

had a different set of strategies to target and rope in the game changers and match-winners for their squad. Teams fought tooth and nail for their

favourite players, one increasing the bid and the other matching it, in no way ready to give a player up to the other team. Chits were drawn to decide the fate of some, some were sold cheap, some bids touched sky high. The costliest player went up for 2.35 lakhs and many players broke the record of the previous edition's costliest bid of 1.65 lakhs.

In the end, all 6 teams got their pool of players and geared up to fight for the coveted NPL trophy.

A glittering inauguration ceremony kick-started the NPL 4.0 with teams marching in with their jerseys and team flags and presented a team performance for everyone present in the hall. There was an

exclusive interaction with the cast and crew of the Bollywood movie FATAACK! who were in campus to promote their movie. The likes of Bejoy Nambiar, Namit Das and Siddhant Kapoor spoke about how the movie essentially captures the flavour of gully-cricket. The teams then cut their team-cakes and we finally had the ball rolling for the real deal of NPL, the matches, to commence the next day.

The matches were a treat. Every evening from 4-6 pm the NITIE Cricket Ground would be a riot of colours and trumpets and loud cheers for the teams. The first round had the League matches where Lucknow Nawabs and Bangalore Falcons topped their pools by winning all their matches, gaining a direct entry into the semi-finals. The

Challengers had the bottom two teams of each pool clashing against each other, the winners advancing into the semi-finals. Mumbai Mavericks and Punjab Warriors ousted the Delhi Dabanggs and Chennai United to book a berth in the semis. The Leagues and Challengers had some standout performances as some players single-handedly exploited the opposition's bowling attack and clobbered huge 6's, much to the treat of their supporters and the gathered crowd who cheered every six with drums and trumpets .

The essence of the tournament was to play good as well as aggressive cricket. Punjab Warriors and Lucknow Nawabs did just that to win their semi-final matches and book their berth for the NPL 4.0 finals. The final on 16th February was a final we had never seen in NPL history. It was One man vs Lucknow Nawabs when Punjab Warriors foreign catch Chinmay scored the first century of the season, the highest score in NPL history (138 off 49 balls) and a mammoth tally of eighteen 6's in his innings. A delightful display of fireworks from one team and an excellent run chase by the other eventually ended with Lucknow falling just 4 runs short of the target, and Punjab Warriors being crowned the Champions of NPL 4.0.
