“Creating Transformative Leaders, Driving Change”

Ranked 6th among all Management Institutes in the country by National Institutional Ranking Framework (NIRF) of Ministry of Education for the year 2024, IIM Mumbai, formerly known as NITIE Mumbai has over the years, earned a distinguished reputation as a catalyst in the transformation of the nation's finest minds into exceptional business leaders.

Located at the Financial Capital of India, IIM Mumbai provides an excellent platform for students who aspiring to be tomorrow's leaders. Besides training, IIM Mumbai conducts applied research and undertakes various public and private sector special projects as sponsored research.

Armed with excellent academic resources, backed up by quality pedagogy, IIM Mumbai fosters in the students the capacity for value-based leadership, the aptitude for innovative thinking & confident decision-making, the ability to communicate effectively and helping them collaborate, thus equipping them for a promising future.

The interactive classroom lessons coupled with practical learning experiences, provides the appropriate platform for students to hone their business acumen to take up challenges posed by the real world.

OUR VISION

Spearheading Management Education for Creating Transformative Leaders for Making Positive Social Impact.

OUR MISSION

Impart transformative management education to foster tomorrow's global leaders through innovative pedagogy, research-driven insights, and strategic industry partnerships to catalyze a positive global impact

CORE VALUES

I - Integrating Technology

N - Nurturing Ethical Integrity

S - Sustaining Environmental Sustainability

P - Promoting Efficiency in Operations

I - Igniting Progressive Innovation

R - Resilient Adaptability

E - Embracing Worldwide Collaboration

D - Diversity and Inclusion

From the Chairman's Desk

The world beckons; and as you stand on the threshold of possibilities gearing up to explore your life's calling, I welcome you to step into a future full of promise at the Indian Institute of Management (IIM) Mumbai.

At IIM Mumbai, we take pride in creating leaders who steer the disruption and drive the future of services and manufacturing with technology powered innovation. Envisioned to be a beacon of transformative thought and leadership for the industry, this institute has come a long way since its inception in 1963, when it was known as NITIE.

Here, we nurture the aspirations and in-born talent of our students to enrich their capabilities and enable them to achieve their full potential. Through a robust curriculum, wide ranging extra-curricular activities, industry-academia partnerships, distinguished faculty, and collaborations with foreign universities, we are here to be the guiding force to help our aspiring leaders chart the path to excellence and leadership.

A testament to our collective forward strides is our ascend on the prestigious National Institutional Ranking Framework (NIRF) rankings, which is conducted annually. We achieved the sixth place among institutions that offer Management education, and are today among the top institutions in the country. However, for us at IIM Mumbai, excellence is a continuous pursuit, and we aspire to keep striving to reach new horizons to become one of the finest institutions India has to offer the world.

IIM Mumbai prides itself on creating professionals of the highest calibre. Our alumni have consistently driven success in leading organizations both in India and globally, and contributed to the global good as well as growth of our nation. Here's your chance to carry this legacy forward.

We believe our students are our future, and we are committed to augmenting your capabilities to become inclusive, resilient, and visionary leaders who will help power India's transformation from a fast developing nation to a developed nation.

Wishing you a fulfilling and successful journey of growth.

Shri. Shashi Kiran Shetty
Chairman, BoG
IIM Mumbai

From the Director's Desk

Indian Institute of Management, Mumbai has been one of the thought leaders in management education and research, and partner in the manufacturing renaissance of the Nation. The vision of this great institution is "Spearheading Management Education for Creating Transformative Leaders making positive social impact." Our mission is to "Impart transformative management education to foster tomorrow's global leaders through innovative pedagogy, research-driven insights, and strategic industry partnerships to catalyse a positive global impact".

Our MBA programmes have been catering to the changing industry needs and dynamics. Along with general management, operations and supply chain management and sustainability management are integral for businesses, as they offer a strategic framework to navigate evolving regulations and seize market opportunities. The placement figures over the years are a live testimony to the trust that the industry has reposed on us.

IIM Mumbai has been designated as the nodal hub for capacity building in Logistics and Supply Chain Management to promote the PM Gati Shakti National Master plan by the Ministry of Education (MoE). We have been playing an active role in the Viksit Bharat, Skill India and Naya Bharat movement for making India a developed nation by 2047. The Institute has spearheaded the initiative and prepared the policy document for "Future Talent Requirement in Logistics." As we celebrate our diamond Jubilee, we have aligned our vision with Tech driven management education with global outlook to solve India centric problems. We have the best-in-class labs for research and a conducive environment that promotes hands on learning.

With resilience becoming the new normal in today's world, industries are heavily relying on top notch management techniques not just to improve productivity but also to generate best practices that would equip companies to deal with competition. Since its inception, IIM Mumbai has always been the forerunner in supporting industries in solving their complex problems through industry outreach activity. We have launched several online/hybrid and offline courses to cater to the emerging analytical and managerial needs of the industries in collaboration with many leading business houses. Our Global online Programmes in collaboration with thought leaders from reputed institutions from across the world covering different aspects of tech driven management have achieved immense popularity leading to great social and professional impact.

Every year, young graduates with big dreams to scale greater heights enter this prestigious institution and step out with flying colours into the corporate world as game changers. Packed with confidence and great ambitions, they bid farewell to IIM Mumbai carrying along with them beautiful memories that they would cherish for a lifetime. We extend a warm welcome to all the aspiring students to come join us at our god's own campus and relish two years of enriching learning experience.

Dr. Manoj Kumar Tiwari
Director
IIM Mumbai

Milestones

- 1963**
Government of India and ILO establishes **National Institute for Training in Industrial Engineering**
- 1969**
Executive Development Programmes (**EDP**) and Management Development Programmes (**MDP**) begin

Programmes Offered

Master of Business Administration (MBA)

Two-Year, Full Time

The design of the MBA programme is centered around arming students with the vital skills and competencies required to secure influential global leadership roles. This program is founded on the belief that exceptional business leaders emerge from immersive, hands-on, and accessible learning settings, rather than from standardized approaches.

Master of Business Administration - Operations and Supply Chain Management (MBA-OSCM)

Two-Year, Full Time

IIM Mumbai's MBA in Operations and Supply Chain Management is tailored to meet the techno-managerial requirements of industries. This program focuses on creating transformative operations and supply chain leaders through imparting next-generation strategies for making organizations more agile and responsive. The program offers a comprehensive understanding of domains- Supply Chain, Operations, Manufacturing, Project Management, Economics, Strategy, Finance etc.

Master of Business Administration - Sustainability Management (MBA-SM)

Two-Year, Full Time

The MBA in Sustainability Management prepares prospective managers with the knowledge and skills needed to navigate the complexities of guiding businesses toward Sustainable Development. This program imparts a comprehensive understanding and expertise in various sustainability issues and safety challenges, equipping students with the management tools to develop solutions for these pressing concerns.

Doctoral Programme (Ph.D.)

Five-Year, Full Time

The Doctoral Programme is designed to nurture exceptional scholars who delve into the field of management from a research perspective that goes beyond the obvious. This program is dedicated to preparing individuals who will distinguish themselves in their specific research areas by producing high-quality work that meets international standards.

Visionary Leadership For Manufacturing (PGPEX-VLFM)

One-Year, Full Time

Comprehensive one-year full-time residential executive diploma programme conducted collaboratively by IIM Mumbai and IIT Delhi. Its primary aim is to prepare the rising leaders for mid and senior-level managerial roles. Graduates of this program are expected to be catalysts of change, possessing the capacity to drive strategic initiatives across various domains, including Operations and Supply Chain Management, Strategic Planning, Business Excellence, and World-Class Manufacturing.

Master of Business Administration (MBA)

MBA programme at IIM Mumbai, offers a distinctive blend of management expertise complemented by a strong technical foundation. Beyond classroom instruction, we provide students with a rich array of learning opportunities, including live case studies, competitive events, seminars, group discussions, and panel sessions featuring industry leaders. Our commitment extends beyond academics to instilling enduring values and principles that will guide our students throughout their lives, nurturing them into responsible global citizens. The MBA programme shapes multi-talented individuals with a specialized focus on navigating the complexities of the interconnected global economy. Since 1994, this programme has consistently produced exceptional managers, and we remain dedicated to this mission.

Prof. Utpal Chattopadhyay
Programme Chair, MBA

About the MBA Programme

India boasts a rich legacy of professional management education, and IIM Mumbai, formerly NITIE, stands as a pioneer with a long-standing history of offering a two-year full-time programme. Our MBA programme is designed to nurture young managers who excel not only in designing efficient processes and systems but also in effectively managing critical resources for achieving business goals. What sets this programme apart is the remarkable alumni network, extensive collaborations, and impactful sponsored research initiatives that make it truly exceptional in the country.

Our MBA programme combines classroom learning with immersive industry internships and integrates various microcredit courses to enhance industry relevance. With a strong emphasis on analytics and related areas to align with industry demands, this programme also places great importance on developing interpersonal skills, equipping students to effectively manage both customers and team members. Structured as a comprehensive general management programme, our MBA programme takes a holistic approach to business education, distinguishing it from other management programmes available today. The MBA programme offers a rigorous and professional educational experience within a collaborative learning environment. The curriculum is thoughtfully designed with input from our esteemed faculty, recruiters, alumni, and students. Our dynamic and high-energy learning environment prioritizes the practical application of skills in complex real-world business scenarios, fostering an atmosphere of innovation and empowering students to emerge as effective leaders with the potential to transform organizations.

Capstone Project

Master of Business Administration- Operations and Supply Chain Management (MBA-OSCM)

The MBA in Operations and Supply Chain Management programme at IIM Mumbai is designed to equip students with the skills and knowledge necessary to thrive in today's dynamic and interconnected global business environment. Students will gain hands-on experience with advanced analytical tools, enabling them to solve complex problems and make strategic decisions with confidence. Additionally, the programme prepares students to navigate and manage supply chain disruptions, building resilience and ensuring the continuity of operations.

At IIM Mumbai, there is a commitment to creating transformative leaders who are not only adept at navigating complex supply chain challenges but also dedicated to making a positive social impact. The curriculum, aligned with the institute's vision and mission, emphasizes advanced analytical skills, ethical leadership, and a global business perspective.

By joining this programme, students will gain access to cutting-edge research, innovative teaching methods, and invaluable industry partnerships. Graduates will be prepared to lead with integrity, drive sustainable business practices, and contribute to the global supply chain community. We look forward to seeing you at IIM Mumbai, where your journey to becoming a transformative leader begins.

Prof. Debabrata Das
Programme Chair, MBA-OSCM

About the MBA-OSCM Programme

Operations and Supply Chain Management is the critical component of every business delighting the customers. A well-managed supply chain can remodel the business and its market position by reducing inventory holding costs, logistics costs, and other supply chain operations costs. IIM Mumbai has transformed its renowned two-year management program, which began in 1971, into a specialized MBA in Operations and Supply Chain Management. The program focuses on creating transformative global leaders with techno-managerial expertise and competence in operations and supply chain. The programme is meticulously designed to provide students with advanced problem-solving approaches (through experiential learning) to address the diverse array of challenges encountered in the industrial landscape today. It enables the graduates to excel in operations & supply chain along with diverse functional domains like Manufacturing, Project Management, Marketing, HR and Finance.

The curriculum seamlessly integrates industry-relevant, emerging technologies, and emphasizes on data driven decision making through a range of electives and global courses. Admission to the MBA program involves a rigorous selection process, including a valid CAT score. Students can expect a challenging and professional education, a collaborative learning environment with specialized offerings tailored to market needs integrating with latest techniques of Analytics, Artificial Intelligence and Machine Learning.

Master of Business Administration- Sustainability Management (MBA-SM)

Climate change is a harsh reality staring us in the face as it has started to have a visible impact. The Government of India also acted positively with the pledge of Net Zero by 2070. Businesses as well as society at large acknowledge the need to assume our responsibility for the sustainable management of the economy and the environment. MBA in Sustainability Management equips future Managers with the knowledge to manage the challenges in steering businesses on the path of effective Environmental, Social, and Governance implementation. It offers understanding and expertise on a broad range of Subjects on various sustainability issues and safety challenges we face and the management tools to come up with solutions to address these issues. The Course Content is designed to meet the industry needs. It has extensively covered topics on Industrial Sustainability Management to equip students to develop integrated professional skills needed to solve real-world challenges preparing them for management and leadership positions in Multinational Corporations, Governments, Leading Consulting firms, and NGOs. We are convinced that future managers need to understand the world and context in which they operate before implementing viable solutions.

Prof. Seema Unnikrishnan
Programme Chair, MBA-SM

About the MBA-SM Programme

This reputed Programme equips students with the acumen to drive positive change and pioneer sustainable innovations for Business. Our program, a trailblazer in South Asia since 2001, consistently draws dedicated students committed to advancing sustainability. Crafted with inputs from accomplished alumni and industry experts, our curriculum seamlessly integrates managerial and technical perspectives, preparing our graduates to adeptly weave ESG and Safety into the fabric of a business organization's value chain. The MBA in sustainability management will enable students to:

* Seamlessly integrate Operations, Supply Chain Management, and Business Strategy with Sustainability, Environmental Management, Safety Management, and Corporate Social Responsibility, all guided by comprehensive ESG frameworks.

* Explore the realm of Environmental and Social Laws and Policies and ESG Analytics, empowering you to make discerning decisions that align seamlessly with Environmental, Social, and Governance (ESG) principles, ensuring responsible corporate behaviour

* Delve into the world of GHG accounting and Sustainable Finance, discovering how to allocate capital to projects and initiatives that not only yield financial returns but also contribute to a greener and more equitable world. Embrace the Circular Economy, mastering the art of designing Life cycle assessment based closed-loop systems that minimize waste and optimize resource utilization.

Certificate Programmes

Management Development Programmes (MDP)

IIM Mumbai offers a diverse portfolio of over sixty Open Enrolment Programs annually. The courses are conducted both in online and offline modes. These programs cover various specialized areas, including Strategy, Finance, Marketing, Project Management, Risk Management, Supply Chain, Organizational Behaviour, People Analytics, Sustainability, Cyber security, Analytics, Artificial Intelligence and Machine learning and more. Participants can choose a program that aligns with their experience, interests, or professional needs. The courses feature rigorous yet interactive designs to keep candidates updated on global business trends. The program empowers participants to foster growth within their organization.

Global Online Certification courses in collaboration with Prof. David Simchi-Levi, MIT USA

| Global Online Certification | Details |
|---|--|
| Generative AI for Business Decisions | This course comprehensively covers Deep Neural Networks, GPT-3, and GPT-3.5, focusing on their applications in Supply Chain Management. Participants understand how Generative AI enhances demand forecasting and inventory management processes. |
| Supply Chain & Demand Analytics | This course is designed exclusively for industry professionals and corporate groups with a keen interest in supply chain management and digitization. Participants explore how data, analytics, and automation enhance efficiency and profitability, improve supply chain visibility, flexibility, and resiliency. |
| Generative AI in Supply Chain Management | This course demonstrates how GenAI fundamentally change the way decision makers manage & operate complex supply chains. Participants explore Gen AI technology & its applications in revolutionizing demand forecasting, procurement, inventory management and supply chain collaboration, and pricing decisions. |
| Reinventing Business Operations with Data Analytics | The course introduces Business Analytics, covering digital transformation, prescriptive, predictive analytics, and integrated techniques. It includes case studies on supply chain management and pricing strategies. |
| Data-Driven Supply Chain Transformation | This course explores the dynamics of modern supply chains, focusing on industry trends, data science, and automation to enhance performance. Participants examine the Bullwhip Effect, strategies for its control, and the value of information through case studies on PC manufacturers, CPG network optimization, and fashion retailers. |
| Competing in Business through AI-Powered Supply Chains | This course focuses on vital supply chain trends, analytics, and their integration for real-world impact, the program empowers participants to think critically about data and seize opportunities in business analytics. |
| Business Analytics: From Data to insights and Decision Making | The course focuses on leveraging analytics to drive modern supply chain management. Participants learn to think critically about data and analyses, identify opportunities for value creation through business analytics, and estimate the value generated. |

International Relations

IIM Mumbai has signed MoUs with various universities abroad. We have active international collaborations with over 17 universities world-wide. These collaborations allow for joint academic and research opportunities that helps in cultural diversification and international exposure of our students, faculty and fellow scholars.

Post Doctorate (LGPP), EPFL Switzerland
Fellow (NITIE), M.Tech, BE
Areas of Interest: Managing Supplier Relations, Partner Selections, Collaborative Network Organization, Logistic Management

Sushmita Narayana Aghalaya
Associate Professor
Fellow(IIM Khozikode), BE
Areas of Interest: Supply Chain Management, Systems & Healthcare

Manupati Vijaya Kumar
Assistant Professor
PhD (IIT KGP), M.Tech, B.Tech
Areas of Interest: Manufacturing Systems, AI and ML, Production Planning & Control, Optimization Techniques, Data Science for Managerial Implications

Ravindra Gokhale
Associate Professor
PhD (IISc B), M.Tech (IIT B), BE
Areas of Interest: Ops Mgmt, Business Statistics, Applied Multivariate Analysis, Supply Chain Mgmt

MS Mahapatra
Assistant Professor
PhD (IIT KGP), M.Tech (IIT KGP), BE
Areas of Interest: Ops Research, SCM, Multi-Objective Optimization, Business Statistics, Project Management, ML

Rofin TM
Assistant Professor
PhD (IIT KGP), MBA, B.Tech
Areas of Interest: Operations Mgmt, Service Operations, Revenue Mgmt

Veepan Kumar
Assistant Professor
PhD (IIT D), M.Tech, BE
Areas of Interest: Industry 4.0, Smart & Digital Supply Chain, Digital Innovations, Digital Platforms, Sustainable Business Practices, Digitalization in Manufacturing & Supply Chain, Intelligent Manufacturing

Rosalin Sahoo
Assistant Professor
PhD (IIT KGP), M.Tech, B.Tech
Areas of Interest: Logistics 4.0, Supply Network Modelling, Metaheuristic Techniques

Nikhil Ghag
Assistant Professor
PhD (IIM M), M.Tech, B.E
Areas of Interest: MSMEs, Food Supply Chain Management, Competitiveness, Sustainability

Ramesh Kumar
Assistant Professor
PhD (NITIE), M.Tech, BE
Areas of Interest: Supply Chain Network Design, Discrete Event Simulation Modeling, Optimization and Mixed-integer linear programming Supply Chain Risk Management

Analytics and Data Science

Hema A Date
Professor & Dean Alumni Affairs
Fellow (NITIE), PGDIE (NITIE), B.E.
Areas of Interest: Software Engg, BI, DSS, e-Business, IT Consulting, AI, Data Mining, Business Analytics, Knowledge Mgmt, IT Applications.

Rakesh Verma

Testimonials

Gokul P
Batch of 2024

My journey at IIM Mumbai has been nothing short of transformative. From initial skepticism to unwavering optimism, this institution has exceeded my expectations. The learning environment, infrastructure, and opportunities provided here are unparalleled, making IIM Mumbai stand out among the top B-schools. It's a place where dreams come to life. The rollercoaster of emotions and countless opportunities have nurtured my confidence and leadership vision. The interactions with brilliant minds and a myriad of academic prospects have broadened my horizons. However, the most precious aspect is the tight-knit IIM Mumbai family and the lush green campus. It's a defining experience, indeed. The cutting-edge curriculum of the MBA course at IIM Mumbai has been instrumental in shaping my academic journey and helping me achieve my goals.

Tejas Baviskar
Batch of 2024

My journey at this institution has been an exhilarating roller coaster ride. I aspired to become a NITIEzen, but now, as I prepare to graduate, I proudly bear the title of an IIM Mumbai graduate. The transformation I've undergone here has been remarkable. IIM Mumbai is not just a place of learning; it's a landscape of transformation. The pedagogy equipped me with essential skills, while the campus provided an abundance of opportunities for holistic growth. Experiencing this transformation within the picturesque campus, alongside remarkable friends, has been a true delight. These two years have enriched me academically and provided a wealth of life experiences, extending beyond academics to include networking with alumni, participating in summits, and actively contributing to various committees.

Rashika Tiwari
Batch of 2024

IIM Mumbai has become a new age institute with its legacy embedded in its history and expertise. The MBA (SM) course at IIM Mumbai has not only broadened my understanding of sustainability but has also equipped me with the knowledge and skills required to address pressing global challenges. The curriculum is thoughtfully designed, covering a wide array of topics from environmental conservation to corporate sustainability, all while emphasizing practical solutions and real-world applications. The institute has also given me opportunities to explore practical application of sustainability to various industries. I also have the opportunity to become part of various extra curricular activities on the campus that provides me a holistic MBA experience.

Campus Life

Glimpses from GOD'S OWN CAMPUS

Location Advantage:

IIM Mumbai's location in the vibrant financial capital of India provides numerous advantages to its students. The proximity to corporate hubs facilitates valuable industry exposure through internships and networking, while the city's diverse and international character enhances global perspectives. Access to top industry talent, a thriving entrepreneurial ecosystem, and extensive cultural and recreational opportunities make Mumbai an ideal place for learning and personal growth. The city's well-connected transportation infrastructure ensures accessibility, and its dynamic philanthropic scene fosters social responsibility. Moreover, the cultural diversity, pleasant climate, and abundant networking opportunities all contribute to a holistic educational experience that uniquely positions students for success in the business world.

Campus Attractions:

- Nestled amidst the bustling city of Mumbai, our campus provides a tranquil retreat with lush green landscapes.
- Three hostel blocks, including one of the tallest hostel buildings and a MDP building for the executives
- Multimedia enabled classrooms
- Sports & Recreational Facilities
- Full-Fledged Library with access to online databases and journals

2nd Row: Himanshu Saxena, Sai Kireet, Vallabh, Sudipto Chakraborty, Mohit Rai, Aditya Anilkumar, Amartya Samanta, Adarsh Patil, Vedant Saraf, Aakash Raj

Reaching IIM Mumbai

Nearest Major Railway Stations:

Chhatrapati Shivaji Maharaj Terminus (CST): Located in the heart of Mumbai, CST is one of the busiest railway stations in the city. IIM Mumbai is easily accessible from CST, and you can reach the campus by road in approximately 40 minutes.

Lokmanya Tilak Terminus (LTT): LTT is another major railway station in Mumbai, and it offers good connectivity to IIM Mumbai. The campus is approximately a 20-minute drive from LTT.

Andheri Railway Station: Andheri is one of the key suburban railway stations in Mumbai. From Andheri, you can reach IIM Mumbai by road in about 25 minutes.

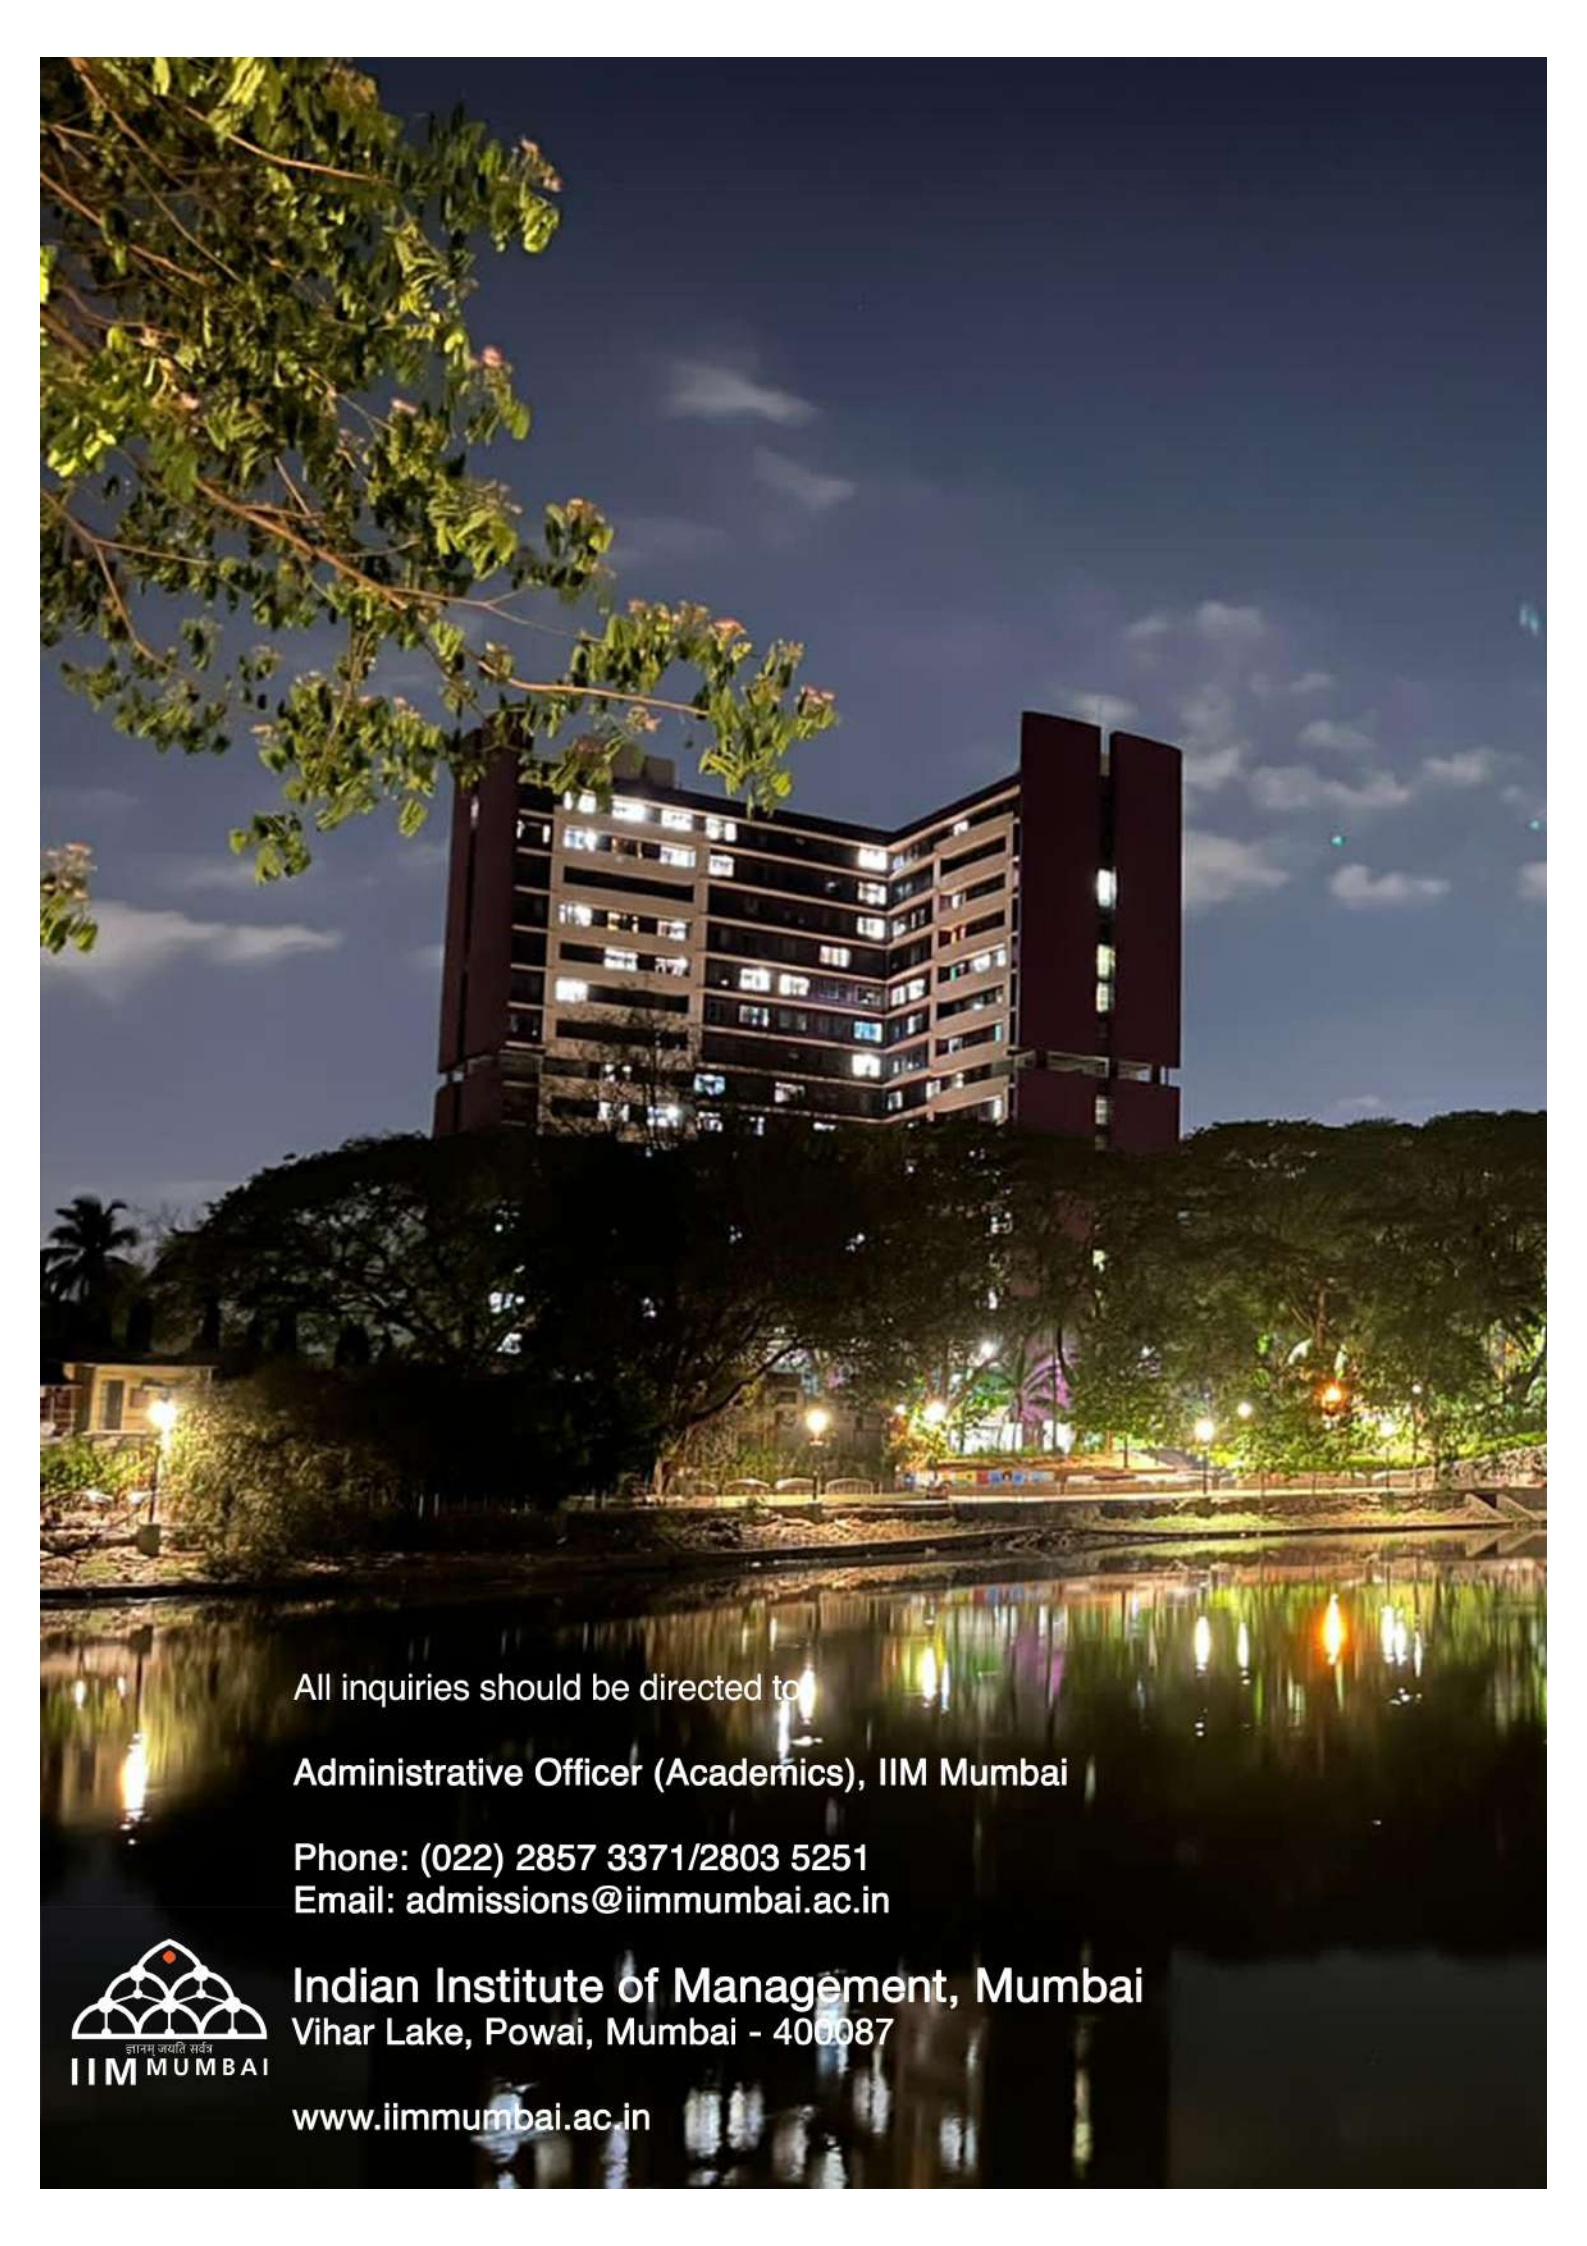

Nearest Airport:

Chhatrapati Shivaji International Airport (BOM): Mumbai's international airport, BOM, is the primary gateway to the city. IIM Mumbai is located approximately 5.5 kilometers from the airport, and you can reach the campus in around 20 minutes by road.

Notable Places:

Powai Lake: IIM Mumbai is situated near Powai Lake, a picturesque spot that offers a serene environment, perfect for leisurely walks or relaxation.

Hiranandani Gardens: This well-planned township in Powai is known for its vibrant atmosphere, shopping areas, restaurants, and recreational spaces. It's just a stone's throw away from IIM Mumbai.
